OB/GYN Lighting

Outstanding performance for the practitioner; exceptional comfort for the patient.
OB/GYN Lighting

High-intensity illumination with minimal heat output creates the perfect light for both the physician and patient.

Burton lights deliver precisely controlled natural white light that is so important for an accurate gynecological exam. Whether you’re looking for a pre-focused spot or a flood-type light, Burton offers a variety of lights to meet your need. Compact sizing and no-drift arms make these lights easy to work with and perfect for any facility. Our LED models provide overall cost of ownership advantages with low maintenance and energy savings.

Burton proudly stands behind the reliability of its lighting products with an industry-leading 5-year limited warranty.*
