

Examination Light

CoolSpot II

The advanced healthcare lighting solution that fits both your space and your budget.

The aesthetically appealing CoolSpot II offers incredibly pure, white light along with a guaranteed no-drift arm, high-intensity setting, and variable spot size control. The CoolSpot II examination light is the spotlight of choice.

- Bi-level dimmer for variable intensity
- Variable spot size of 2" - 10" (5 cm - 25 cm)
- New, improved, and easy to clean housing design with convenient SteriHandle for positioning
- Removable, autoclavable center SteriHandle design allows removal or replacement of SteriHandle with one hand (for ensuring sterile procedures)
- Friction knob allows user to adjust friction on the self-balancing arm positioning to desired tension without a tool
- Assembled in the USA
